PROFILE SUMMARY

I am a highly skilled MERN Stack developer with expertise in HTML, CSS, JavaScript, React, Node.js, Express.js, and Tailwind CSS. I stay updated with new technologies and AI tools, using ChatGPT to learn and build efficiently. Proficient with Visual Studio Code, GitHub, and frameworks like Bootstrap.

WORK EXPERIENCE

Karishna Academy - Pune, India
MERN Stack Developer (Jan 2024 - Present)

Proficient in building websites with HTML, Tailwind CSS, React.js, and creating Canva posters. Skilled in client communication, requirement analysis, and practical implementation. Experienced with AI tools like ChatGPT, Gemini, and building dynamic websites using the MERN stack.

PROJECT

KA IT SOFTWARE SOLUTION Website

Developed a dynamic website with React.js, Node.js, Express.js, and Tailwind CSS, handling routing, emails with Nodemailer, and version control with GitHub.

Artisans Interior Website

Developed a dynamic website with React.js, Node.js, Express.js, and Bootstrap, including routing and reusable components. Managed client-server communication and version control with GitHub.

YummyFit Website

Developed an e-commerce website using React.js, Node.js, and Express.js. Integrated payment gateways for seamless transactions and utilized GitHub for collaboration and version control.

Shreeram Developers

Developed a dynamic website using React.js, Node.js, Express.js, and Bootstrap. The site features property listings, routing, and reusable components. Users can view properties and contact the developer via Gmail.

ACHIVEMENTS

- Hosted Republic Day event at college
- Won first prize in NCC shooting competition
- Secured first prize in school chess competition
